

## **Eight Aggregate Measures of Income and Output in Canada (1981-2018) and the United States (1969-2018)**

### **Index of Tables**

Table 1a: Government and Business Investment and Investment Deflator, United States, 1969-2017

Table 1b: Government and Business Investment and Investment Deflator, Canada, 1981-2018

Table 2a: Consumption of Fixed Capital by Business and Government, United States, 1969-2018

Table 2b: Consumption of Fixed Capital by Business and Government, Canada, 1981-2018

Table 3a: Net Investment Income from Non-Residents, United States, 1969-2018

Table 3b: Net Investment Income from Non-Residents, Canada, 1981-2015

Table 4a: Export and Import Volumes and Price Indexes, United States, 1969-2018

Table 4b: Export and Import Volumes and Price Indexes, Canada, 1981-2018

Table 5a: Output and Income Measures, Billions of Current Dollars, United States, 1969-2018

Table 5b: Output and Income Measures, Billions of Current Dollars, Canada, 1981-2018

Table 6a: Output and Income Measures, Billions of Chained 2012 Dollars, United States, 1969-2018

Table 6b: Output and Income Measures, Billions of Chained 2012 Dollars, Canada, 1981-2018

Table 7: Comparison of Income and Output Measures for Canada and the United States, Billions, 2018

Table 8a: Growth of Income and Output Measures for Canada and the United States, Average Annual Growth Rate, per cent, 2000-2018

Table 8b: Growth of Income and Output measures for Canada and the United States, Average Annual Growth Rate, per cent, 1981-2018

Table 9a: Output and Income Per Capita Measures, Current Dollars, United States, 1969-2018

Table 9b: Output and Income Per Capita Measures, Current Dollars, Canada, 1981-2018

Table 10a: Output and Income Measures Per Capita, Chained 2012 Dollars, United States, 1969-2018

Table 10b: Output and Income Measures Per Capita, Chained 2012 Dollars, Canada, 1981-2018

Table 11: Comparison of Income and Output Measures Per Capita for Canada and the United States, 2018

Table 12a: Growth of Income and Output Measures Per Capita for Canada and the US, Average Annual Growth, per cent, 2000-2018

Table 12b: Growth of Income and Output Measures Per Capita for Canada and the US, Average Annual Growth, per cent, 1981-2018

Table 13: Purchasing Power Parity, Canada, 1961-2018

Table 14: Nominal Canadian Income and Output Measures Per Capita in Current US Dollars at PPP, 1981-2018

Table 15: Nominal Canadian Income and Output Measures Per Capita as a Proportion of United States Levels, Per Cent, 1981-2018

Table 16: Real Canadian Income and Output Measures Per Capita in 2012 US Dollars at PPP, 1981-2018

Table 17: Real Canadian Income and Output Measures Per Capita as a Proportion of United States Levels, Per Cent, 1981-2018

Note: For a discussion and definition of the different measures of income and output, please consult "Aggregate Measures of Income and Output in Canada and the United States: Implications for Productivity and Living Standards", Chris Ross and Alexander Murray.
